Mehr als nur ein Name – KUNA repräsentiert die Verschmelzung von zwei sehr unterschiedlichen Epochen. Einerseits die Vergangenheit, in welcher sich die vielfältige technische Ästhetik der Menschen der Anden widerspiegelt, die in der harmonischen Beziehung mit der Natur und Ihrer Umwelt lebten. Andererseits die Gegenwart, in welcher hochqualifizierte Designer jede Farbe mit Bedacht auswählen und jede Skizze und jedes Design mit Sorgfalt ausarbeiten um diesen historischen Wurzeln neues Leben einzuhauchen.

Jedes einzelne Kleidungsstück von KUNA ist nicht nur ein außerordentlich weiches Produkt, welches aus den besten Fasern von Alpaka, Vikunja, Lama und Guanako gefertigt wird, sondern auch ein Abbild dessen, was die Inca Gruppe unternimmt um diese Arten zu erhalten und zu züchten. Das Unternehmen setzt sich für die Bewahrung des Wissens und die Förderung der Kultur der Gemeinschaften der Anden ein.

KUNA zeigt Ihnen den Weg in die Welt von Design und Mode. Die Gaben der Natur und das großartige historische Vermächtnis werden mit handwerklichem Können in einem fesselnden, zeitgemäßen Stil vereint.

More than just a name, KUNA represents the amalgamation of two very different eras: the past, through the inspiration of the immensely rich aesthetic and technical expressions of the old Andean cultures, which reflect the harmonious relationship of their people with nature and their immediate environment, and the present day through the hands of highly skilled designers who select each color and create each sketch and design, giving new life to our roots.

Every single garment tagged KUNA is not only an extraordinarily soft product manufactured with the best alpaca, vicuna, llama and guanaco fibers, but also a reflection of the importance that the Grupo Inca gives to conserve, breed and improve these species, and the efforts it goes to preserve the Andean communities and their invaluable knowledge and culture.

KUNA offers the world of design and fashion a style that expresses and evokes works of nature, human skills and a fabulous legacy, fusing them into a unique and captivating contemporary style.

KUNA. Feel the Hands of the Andes

Alpaca

Alpaka ist eine Kamelidenart, welche in den peruanischen Anden lebt. Alpakas werden besonders für ihre lange, warme Faser und Farbenvielfalt geschätzt: zwischen Weiß und Schwarz gibt es noch unzählige Braun- und Grautöne. Die wunderbaren Farben, die herausragenden Thermoeigenschaften und die unvergleichliche Weichheit der Faser haben KUNA inspiriert. Lassen auch Sie sich von dieser außergewöhnlichen Faser aus den peruanischen Anden begeistern.

This camelid roams the Peruvian Andes and boasts the longest fiber with the widest color range in the world of textiles. Colors range from white to black, with innumerable shades of browns and grays. This, added to the warmth and softness of the fiber inspired the creativity and development of the Andean textile industry, particularly Inca motives. Today, this extraordinary fiber plays a key role in the textile industry.

Algodón / Cotton

Baumwolle wächst seit über 4.000 Jahren in Peru und wird seit jeher für die Herstellung von Kleidung verwendet. Um qualitativ hochwertige Baumwolle zu erhalten werden die Pflanzen sorgfältig selektiert und von Hand geerntet. Die Weiterverarbeitung wird von Experten vorgenommen, die ihre Fähigkeiten mit modernster Technik kombinieren und so das Bestehen dieser Tradition sichern. KUNA möchte dieses Erbe weiterführen, indem nur die beste peruanische Baumwolle für die Herstellung von feiner Bekleidung verwendet wird.

Cotton has been growing in northern Peru for over 4,000 years and for millennia has been used to create garments of enduring beauty. To obtain high-quality cotton, the plant is carefully selected and collected, and then processed by experts who combine their talent with state-of-the-art technology to ensure the survival of this ancient tradition. KUNA seeks to continue this legacy by using only the best Peruvian cotton to produce delicate garments.

Lana / Wool

Es gibt unzählige Anwendungsmöglichkeiten für Wolle. Unsere Wolle stammt von makellosen weißen Merino-Lämmern und ist eine der vielseitigsten und bekanntesten Fasern der Welt. Sie isoliert und ist in unterschiedlichen klimatischen Bedingungen einsetzbar. Die Feinheit, Elastizität und Weichheit der Wolle haben das Design einiger hochwertiger Kleidungsstücke von KUNA inspiriert.

Wool has numerous properties. This fiber comes from the spotless white top coat of the merino lamb and is one of the most versatile, well-known and marketed fibers world-wide. It also offers thermal insulation, thus is useful in diverse climates. Wool's characteristic fineness, delicacy, elasticity and softness have inspired varied designs and garments of high quality, which KUNA supplies to the fashion world.

Seda / Silk

In der Vergangenheit war Seide ausschließlich den Herrschern Chinas vorbehalten und seit über 4.000 Jahren gilt sie als luxuriöses und zartes Gewebe, welches stets mit Wohlstand und Erfolg in Verbindung gebracht wird. Seide wird aus dem Kokon der Seidenraupe gesponnen und trägt den Beinamen „Königin der Textilien“. Sie wird für ihre Vielseitigkeit, Eleganz und ihren hohen Tragekomfort geschätzt. KUNA verarbeitet Seide in diversen edlen Kleidungsstücken und Accessoires.

In the past, silk was used exclusively by the Chinese Imperial family and for over 4,000 years it has had the reputation of being a luxurious and sensuous fabric associated with wealth and success. Silk is spun by a member of the caterpillar family, the silk worm, and holds the status “Queen of Textiles”. It is prized for its versatility, wearability and comfort. KUNA weaves this exclusive material into various luxurious garments and accessories.

A photograph of two women standing outdoors in a mountainous, rocky landscape. The woman on the left has curly brown hair and is wearing a dark blue cardigan over a light blue shirt, with a vibrant, multi-colored patterned scarf. The woman on the right has long blonde hair and is wearing a yellow sweater over a dark blue top, with a blue and red striped infinity scarf. They are both smiling and looking towards each other. In the background, there are stone walls and distant mountains under a clear sky.
